## ***YOU ARE NOT ALONE***

The breaking point is different for everyone, but the day usually comes when a victim decides they can no longer take the abuse. When it's time Unity Home can help.

Nearly 1 in 3 women experience at least one physical assault by an intimate partner during adulthood. That is disturbing, but domestic violence is not just about physical violence. Domestic violence is a pattern of controlling abusive behavior – emotional, sexual, or physical. It is a pattern that can be prevented and it can be stopped. It is something that can happen to anyone. We can help by providing education, advocacy, and support.

If you are experiencing domestic violence or want to help someone who is, please call us **760-366-9663**.

No one deserves to be abused. You deserve to be in a relationship that is built on equality and mutual respect. You deserve to be in a relationship where you can get your needs met, feel safe, and be free from harm.

***Remember you are not alone.***
